DICK ATTINGER QUALIFIES FOR ARMY AIR MEDAL

Dick Attinger, formerly a popular business man of Niles, now serving as a Technical Sergeant with the Army Air Force in England writes his friends, Mr. and Mrs. A. J. Cadero of Alvarado, under date of March 31 as follows:

"I guess you wonder what in the world has happened to me Well, I am in England!! Surprised? Everything is going O. K. and I am in the best of health. I can't tell you much about my job except that I am a Radio-Operator-Gunner. I have been on enough missions to qualify for the Air Medal. I have flown halfway around the world since I last wrote you. I am still flying in the Marauders over here, and I don't know that I will ever be satisfied on the ground again.

"—I will be thinking of you all when trout season opens. Best always, Dick."

STATION WAGON SERVICE GIVEN DRESSINGS MAKERS

CENTERVILLE — The local Red Cross chapter is now providing daily station wagon service between the towns of our section and the Red Cross surgical dressing room in Centerville, Mrs. Fritz Waltenberger advises this office.

The need for dressings by the fighting forces, and the need for women to roll bandages and make sponges and pads is so great that the local unit has been authorized to provide a "pick-up and delivery" service for local women who can give six hours a day once a week to this vital undertaking.

The dressings room is open daily Monday through Friday from 10 a. m. to 4 p. m. and Monday and Wednesday evenings from 7 to 10 o'clock. The station wagon leaves Irvington each Tuesday before 10 and women wishing to go to work in it should notify Mrs. Carl Christensen at Irvington 52-J. The wagon similarly serves Alvarado and Decoto on Wednesdays; serves Niles on Thursdays where reservations may be made with Mrs. P. Quartaroli at Niles 3253, or with Mrs. Robert Wright at Pacific States Steel.

Friday is the day for Newark women and Mrs. Jackson Webster will take care of those who volunteer for service if they will phone her at Newark 2031.

Thousands of extra dressings are required, meaning more women must put in more hours of work daily, and the United States government regards this activity as one of the most vital of the many war undertakings. Can't you spare a day a week for this purpose while your husband, brother or son is fighting the good fight?

Blacow, Mrs. Edward F. Chadbourne and Mrs. Beatrice Jones were down for the count with colds or other ailments. A gentleman and a lady from an outside bank came in to help take care of the customers.

TIN CANS WANTED

Our government wants empty tin cans for reclaiming as a continuing process during the war and housekeepers are asked to clean and flatten out their cans and when they have a paper sack or box full please to bring them to their favorite grocer when doing their marketing. There is also a collection depot in Niles at the P. C. Hansen Lumber company's yard where the pile of cans is growing very slowly at present. An empty tin can is of no use to you whatever—why not turn it in to Uncle Sam's agents for war use?

SWIM POOL AT HIGH SCHOOL IS POST-WAR PROJECT

CENTERVILLE — A dozen letters favoring construction of a swimming pool at Washington Union High School were received by trustees at their recent monthly meeting, representing sentiments of leading civic organizations in the district.

Word from Government officials, however, Principal J. V. Gould said indicates that the project will be definitely post-war due to materials priorities. Taxpayers are still being encouraged to express opinions in writing to the board in order that they may be informed as to the public's wishes when the time arrives to take action.

Trustees voted to continue last year's agreement with the Booth cannery concerning use of school busses during the canning season.

Salaries of teachers who have not reached the maximum status were increased the customary $60 annually and the wartime cost of living bonus granted for the past two years was again authorized. This bonus is based on the San Francisco Bureau of Labor statistics on the cost of living index and amounts to approximately $11 a month.

ROTARY SPEAKER

Joe Gomes as chairman of the day introduced Wallace Boggs, county surveyor as guest speaker at Thursday's luncheon meeting of the Niles Rotary club held in the City of Florence Restaurant.

HAVE YOU A WAR BABY IN YOUR FAMILY

WANTED — More and better "War Babies"—those born since December 7, 1941, for whom to buy War Bonds between now and Mothers Day in May. Tneir parents can buy such bonds, inscribed with the name of the baby, at local banks and postoffices; and so can their grandparents, uncles, aunts and cousins. The baby will receive a scroll from the United States Treasury, engrossed with its name as a life-long souvenir.

This is according to Mrs. Gladys Williamson, township chairman of the Women's Committee of War Finance, herself a mother of "pre-war" babies, who states that folks can best show their love for Mother on Mother's Day this year by "saying it with a bond."

First on the Cradle Roll here is Michael Harry Nordvik, four months, son of Pvt. Karl E. Nordvik, now training for Army personnel administration at Washington and Jefferson College, Washington, Pa., and Mrs. Bernice Nordvik, past president of the Business and Professional Women's Club. The bond which entitled the baby to a certificate for his scrap book and the honor of being first on the Cradle Roll was bought by a friend as a birthday gift.

Current slogan of the women's committee is "Buy a bond on Mother's Day suggesting a bond as a gift to Mother or from her as her greeting to her men in the service.

Organizations in the township are being canvassed in order that the Cradle Roll may include all babies born since December 7, 1941. Certificates may be secured at banks and postoffices. Town chairmen in charge of the campaign are Mrs. Loren Marriott, Centerville; Mrs. Roland Bendel, Niles; Mrs. Edward L. Rose, Irvington; Mrs. Lois Justus, Mission San Jose; Mrs. Rose Brown, Warm Springs; Mrs. Mary Janeiro, Decoto; Mrs. M. P. Munger, Alvarado; Miss Julia Ruschin, Newark.

Names and pictures of babies on the Cradle Roll will be posted in the various towns at the close of the campaign in May.

SEND STAMP NO. 37 "SPARE" WHEN REQUESTING SUGAR

Housewives who seek more sugar for canning may apply by mail to the Niles Ration Board, and should clip to their application Stamp No. 37 from Book 4, the stamp marked "SPARE" on its face. DO NOT send regular stamp No. 37, NOT marked "spare", also from Book 4 when making application, as this regular stamp may be used by the owner when it becomes valid some months hence,—without applying to the board.

Home canners are entitled to a maximum of 20 extra pounds per person in the family, this year, in addition to the regular stamp No. 37, good for five pounds some months in the future, according to Mrs. Esther Burtch.

BEING RUDE TO RATION BOARD PROVES COSTLY

A "lady" from the outside who had more temper than manners created a scene at the Niles Ration Board late last week when she applied for two new tires for a trailer, but could not qualify for a certificate. So she is said to have cursed the hard-working chief clerk, Mrs. Esther Burtch.

Officers were called, the woman's torrent of abusive language continued, her husband appeared on the scene, but could not seem to quiet his wife.

Appearing Monday before Justice J. A. Silva at Niles the lady (?) pleaded guilty to disturbing the peace, but insisted she stopped at calling Mrs. Burtch "anything more than a liar."

His Honor stressed the necessity for the public to show courtesy to ration board members, who operate under government regulations. fined the offender $50 and she was retained in custody until her husband, said to be living in Hayward, and the trailer which caused all the trouble, could be located.

Julia gives 3 favorite baking recipes

There's something about a hot oven and the good smells that come from it, these lively afternoons, that makes baking a special pleasure. Of course I have favorite recipes to work with. For instance:

SCONES

(which are just as tasty for breakfast or dinner as they are at tea-time!)

2 cups enriched flour
3 tsps. baking powder
½ tsp. salt
1 tbsp. sugar
6 tbsps. shortening
1 tbsp. grated orange rind
½ cup seedless raisins (may be omitted)
1 egg
Milk

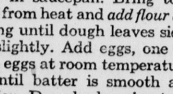
Sift flour; measure; sift again with baking powder, salt and sugar. Cut in shortening, add orange rind and raisins. Beat egg with fork in measuring cup, add milk to make ⅔ cup; add to dry ingredients, stirring only until all the flour is dampened. Knead on lightly floured board 20 to 30 seconds; roll or pat to ½-inch thickness. Place in ungreased 9-inch layer cake pan; score scones with fork. Bake in hot oven (450° F.) about 10 minutes or until brown.

CREAM PUFFS

(and here, the trick is to bake them long enough—they can be filled with prepared puddings, or home-made cornstarch pudding or ice cream or custard.

1 cup enriched flour
½ cup butter or shortening
¼ tsp. salt
1 cup water
4 eggs

Sift flour and measure; sift again. Combine butter or shortening, salt, and water in saucepan. Bring to boil, remove from heat and *add flour all at once*, beating until dough leaves side of pan; cool slightly. Add eggs, one at a time (have eggs at room temperature), beating until batter is smooth after each addition. Drop by heaping tablespoonfuls on ungreased cookie sheet, or form into strips 4 x 1-inch, spreading into shape with a knife. Bake in hot oven (450° F.) about 20 minutes, reduce temperature to moderate oven (350° F.) and continue to bake 20 minutes longer or until thoroughly dry and will hold shape. Makes 12 large or 24 small puffs.



LEMON TEA MUFFINS

(for one thing, they provide a pleasant change when friends drop in for tea.)

1 cup enriched flour
1 tsp. baking powder
½ tsp. salt
½ cup shortening
½ cup sugar
2 eggs
1 tbsp. grated lemon rind
¼ cup lemon juice

Sift flour and measure; sift again with baking powder and salt. Cream shortening; add sugar gradually, creaming until light and fluffy. Add egg yolks one at a time, beating well after each addition. Add lemon rind. Add flour mixture alternately with lemon juice, a small amount at a time, beating until smooth after each addition. Fold in stiffly beaten egg whites. Fill well greased muffin pans ⅔ full. Bake in moderately hot oven (400° F.) 10 minutes or until done. Makes 24 tiny muffins. Serve cold (no butter required!).

YOU BOYS "OUT THERE"

Please know that Easter Sunday passed off here at home this year just as it has always passed off—and its preservation is well worth fighting for.

Churches of all denominations were jammed to the guards, with chairs placed in the aisles and people standing. Altars and pulpits were loaded with beauteous Spring flowers, collection plates were loaded with Easter offerings; and the ministers preached as they had never preached before: about the everlasting message of the Resurrection of Jesus Christ's body, and life eternal.

The girls and their Mamas were there, all decked out in their Easter finery, and looking just as sweet and fetching as ever.

Restaurants, theatres (and bars) did a land office business. The day was pleasant here in Coastal California, and if you dined at home the dinner table groaned with the usual surfeit of good things to eat. Easter candy, Easter bunnies and Easter eggs were to behad quite as usual.

We on the home front are doing just fine, and we thank you very genuinely for Fighting the Good Fight for us out there, so your homes and your families, old folks and children can be safe and happy here at home.

If "God is good" a lot of you boys will be with us here at home, come next Easter.

A DIFFERENCE

The last war was fought, supposedly to "make the world safe for Democracy." That did not work out, however.

Let us hope that this great war is being fought to "make the brotherhood of nations safe for CHRISTIANITY." That objective WILL work out, because it is the only thing Our Lord promised mankind.

— W W —

A VITAL ISSUE

The Saturday Evening Post in a recent article on the West, points out that the task here when the war ends is not simply one of reconversion. Most of our new industries simply weren't here in pre-war days, with the result that they will have to start from scratch in the production of civilian commodities. There will be the task of finding suitable products to manufacture, then finding buyers.

To a State as enterprising and vigorous as California, that isn't an insurmountable problem, although admittedly it presents many difficulties. But Justus Craemer, in his campaign for the United States Senate, has brought into the open another challenge which confronts this State. Says Mr. Craemer:

"We should face the fact that the Eastern States have long dominated our Federal Government—and the industrial East, if it has its way, will put a quick end to the industrial West as soon as the war emergency is over. The East simply doesn't want our competition—and unless we are prepared to do battle in Washington, our new industries will close down, never to open again."

Justus Craemer is one hundred per cent right in that analysis, for the pressure to liquidate Western industry is already on. But he is also right in stating that we can win that fight if we send men to Washington who can command confidence and respect in the national capital. What we have done in war, we can do in peace—but we can't do it without forthright, aggressive representation. Look to your ballot on election day!

California, with 6.19 percent of the population of the United States paid 9.25 percent of all 1943 income tax payments, showing we are a wealthier people as a class than citizens of other states. Californians last year paid $1,210,180,000 of federal income taxes; roughly a billion and a quarter.

LIBERTY THROUGH BLOOD

How the Russians must rejoice as one after another of their great cities, not to mention scores of towns and villages, are released from the cruel heel of the nazi tyrants! Salvos boom from great guns in Moscow as Russia, geared only to war, is winning its great battles.

Now its Odessa on the Black Sea, released at last and ridding all Southern Russia (and the Ukraine so coveted by Hitler) of all the nazi interlopers.

One Day soon it will be our turn to rejoice as our great Army and Air Force smash into Hitler-held Europe and into Jap-held China—. The cost is paid in the blood of our sons, brothers, husbands and fathers; but it's an age-old system which started along about Father Abraham's time.

Perhaps we moderns will now have sense enough to make our erring brothers abroad keep the peace permanently after this greatest of all wars is won!

— W W —

Point rationing for foods was one year old on March 29, 1944. The system has worked out satisfactorily — notwithstanding the extra bother to grocers, butchers and banks-because it prevents the rich from getting everything desirable while the poor get what's left—if any. Everyone knows of ugly unpatriotic cases of hoarding before rationing went into effect.

— W W —

BREATHING FOR THE PEOPLE

"—There is no room for the supine resignation that takes it as a matter of course that the lives of the people should be shunted right or left depending on what muddled impressions some neurotic ex-college professor has drawn from the book he read last—"

And who do you suppose delivered that blast against the repudiated New Deal? None other than ex-court-favorite Jim Farley himself, delivered in a St. Patrick Day address in St. Louis.

Surely the political tide is turning for the better—we hope!

— W W —

Then there's the Register reader who politely asks if "The 4 F's" refers to "The Four Freedoms?" Alas, dear reader, the 4-Fs refer neither to the Four Freedoms nor theFour F clubs: it refers to those men who unhappily are rejected by the Selective Service for physical disabilities. The government should provide rejectees with suitable buttons to wear to show they are not slackers.

— W W —

PLANNED "SCARCITY"

We can place the responsibility for the present sugar shortage right on the doorstep of the New Deal, (now repudiated by its author.) Two years ago, Rex Guy Tugwell as governor of Porto Rico, personal representative of Roosevelt, insisted that Porto Ricans plant less sugar and more food for home consumption. So they didn't plant a million acres to sugar and we are short 300,000 TONS of not-raised Porto Rican sugar today.

Add to that the 175,000 sacks not manufactured by the Holly Sugar corporation at Alvarado last year—because the government would not set a sugar price and acreage far enough in advance so local beet sugar growers could get their crops in.

Its the same old story of government muddling and government meddling. We, The long-suffering People will have our priceless chance next November to forever put an end to the Era of Rule by Starry-Eyed Dreamers.

— W. W. —.

Well meaning sisters who believe that drink constitutes the greatest of our national evils should be shocked—and pleasantly—to be advised that 57 soldiers out of every 100 in our army do not drink AT ALL; 37 or one-third of each hundred drink only beer, and but nine in each hundred, or less than 10 percent, enjoy imbibing hard liquor. This according to official data from government sources.

How then can drink be regarded as a rampaging, uncontrolled evil so far as our great army is concerned?

— W W —

"HOLD EVERYTHING"

President Roosevelt tells Congress his "hold the line" and "price rollback orders" have kept the cost of living for the public about where it was a year ago—which is true.

But the cost of living is very much higher than it was TWO years ago, as retail purchasers well know. For instance, a pound of fair candy which two years ago sold for 60c, and sometimes for 49c now sells for $1.25. At that, we are lucky to get it—what with federal bungling having made sugar much scarcer than it needs to be.

Two years ago $35 would buy a good women's wool suit with fur collar and cuffs; now $35 buys only a shoddy, poor wool suit without trimming. Men's broadcloth pyjamas used to sell for $1.95; now you pay $2.50 for a cheap, cambric pair of pyjamas and the dye washes out at the first washing. Etc. etc.

Consumers know you can get poorer goods at higher prices today; yet **without** the roll back and hold the line orders, prices on poor goods would be even higher. The fact one can still get what one needs, regardless of quality and price is something to be thankful for; considering there is a war on, and considering the vast demands of the Armed Forces—which properly come first.

A BENT WIRE

A tiny wire, bent 10 degrees off the perpendicular, hidden away in the "innards" of the linotype at The Register plant last Wednesday effectively hung up the use of the $6.500 machine with its plethora of 108,000 parts, for about 10 hours. Locating the cause of the trouble was a chore in itself, extracting the wire from its inaccessible place was another job; how to replace the intricate assembly of which it was a part was a job for a specialist. The bent wire prevented the letter "e" from falling from the magazine to be cast into a line of type—and how would the reading matter in your last week's Register have looked without any lower case "e"s? One could have used an * or some other symbol in place of the "e"s—but one refrained from this awkward substitution! —Ye ed.

Unopposed incumbent fire commissioners were re-elected at Decoto and at Newark with only 12 and 14 voters appearing at the respective polls. Walter J. Walker was retained at Decoto and Alfred Pashote was retained at Newark.

IRVINGTON P. T. A.

The "Easter Egg Hunt" sponsored by the Irvington P. T. A. was thoroughly enjoyed by the primary grades and their pre-school brothers and sisters on the school grounds Friday March 31.

After the gaily colored eggs were gathered, the little ones met in the school auditorium with the older children and enjoyed an entertainment put on by the seventh and eighth grades.

Then the P T A gave all the children and teachers an ice cream treat. These were the closing exercises preceding the annual Easter vacation.

An enthusiastic group of parents met with Mr. Philip Evaul, Cubmaster in the Irvington School cafeteria, Saturday night, April 1. A pot luck supper preceded a talk by Mr. Evaul who explained the parents' place in the cubbing program. Several stunts were staged by the Cubs for the entertainment of their parents. Mrs. R. A. Griffin, den mother was in charge of arrangements, assisted by Mrs. W. J. Connolly, president of the Irvington P. T. A.

With the Irvington P. T. A. as sponsors, Mrs. Merrill Belding and Miss Dorothy Adams met at the Irvington School last week and organized a Girl Scout troop. Nineteen girls joined. Le Verne Harvey was elected Patrol Leader of the Eighth Grade girls, and Barbara Kuegeman was chosen Assistant Patrol Leader.

The girls of the Seventh grade chose Mary L. Hicks as their Patrol Leader with Joan Dutra as her assistant.

A special executive board meeting will be called by Mrs. Walter Connolly of the Irvington P. T. A. to change the date of the next regular meeting to April 27 to coincide with the program planned by the teachers and pupils of the Irvington School.

On account of the gasoline shortage, parents will be invited to the school when a short meeting of the P. T. A. will be held, then an operetta staged by Miss Mary Virginia Bristow's pupils will be presented.

The teachers and pupils will observe Public Schools Week by holding open house in their respective rooms where the school work of the year will be on display.

At the April meeting, the nominating committee will be named and plans made for the Mothers' and Teachers' Tea to be held in May.

CENTERVILLE P. T. A. SPONSORS CUBBING

The Centerville Elementary School Parent Teachers' Association is sponsoring Cubbing, the program of the Boy Scouts of America for boys 9, 10 and 11 years of age. Parents and others interested attended an organization meeting held in the Centerville Elemetary school auditorium on Monday evening April 10.

Ben Lambkin, scout executive for Southern Alameda County, Capt. Louie Eike, Cubbing commissioner, Rev. Jackson Webster and Principal Thomas P. Maloney explained the Cub program.

All parents of boys who wish to become Cubs are cordially invited to attend a meeting in the Centerville Elementary School auditorium next Monday evening, April 17, at 8:00 o'clock.

DECOTO GROUP ENJOYS STUDY OF SHORT STORIES

DECOTO — The Decoto Discussion Group met at the home of Mrs. Florence Wallace March 30, instead of April 6, in order to give more time for the activities of Easter week. A very attractive luncheon was served by the hostess at noon. The lavender embroidery of the cloth was carried out in a beautiful centerpiece of lilacs.

After the luncheon the group adjourned to the living room and took up the discussion of the short story. The leader, Mrs. Evelyn Joseph was unable to be present as she is a substitute teacher in the Decoto Grammar School at present. Mrs. Joseph had prepared a very thorough analytical outline to be used in the study of each story and each member selected a story of which she wished to lead the discussion. Technique and style were stressed. Mrs. Joseph selected one story by each of the following American authors: Washington Irving, Nathaniel Hawthorne, Theodore Dreiser, O. Henry, Mark Twain, Willa Cather, Sara Orne Jewett. Although the attendance was small the discussion was animated and the meeting the most successful yet held on the short story.

The next meeting will be a study of an older work of fiction and the leader, Mrs. Helen Brown has selected Jane Eyre for discussion. Mrs. Frances Mara will be hostess.

PINOCHLE CLUB

The Decoto Pinochle Club was delightfully entertained at the home of Mr. and Mrs. Walter Avilla on April 1. After sixteen hands of pinochle the hostess served refreshments fully up to her usual standard of both taste and eye appeal. Mrs. Ethel Avilla held high score with Mr. Edward Mara and Mrs. Mae Rowlett also gathering in some war stamps. The May session will be held at the home of Mr. and Mrs. Charles Brown.

Mr. and Mrs. Ernest Frei entertained Mr. and Mrs. Ernest Frei Jr and little Ernest of San Mateo, Mr. Albert Frei of Richmond and George Earhart of San Francisco and several other friends at dinner on Sunday.

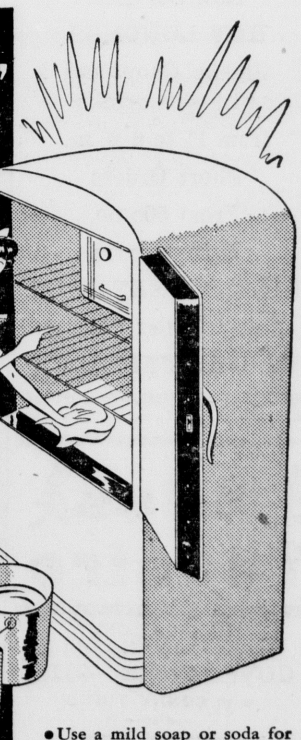
"Service-up" your Refrigerator for Hot weather



- Use a mild soap or soda for cleaning your refrigerator.
- Defrost whenever freezing compartment has coating ¼" thick.
- Wipe up spilled foods at once.
- Do not put hot foods into the refrigerator.
- Store foods properly and do not overcrowd the shelves.

THE TIME is now, as Spring is here and bountiful Summer approaches, to "service up" your refrigerator. Wash it thoroughly inside and out so that it will be sweet and clean for fresh food storage. Carefully give it soothing drops of oil where needed. Whisk out dirt and dust from the mechanism with a handbrush and dust rag. And of course, never let frost "choke up" freezing compartment. You MUST depend on your present refrigerator to take care of food for the hot summer days ahead. If repair is necessary, have it done now before the summer rush.

Nearly 60,000 square feet of exhibits are under construction in the Exposition Auditorium, with crews working night and day on the project which is said to be the largest of its kind in the West.

Exhibitors from all parts of California are joining Bay region garden clubs and home gardening specialists in preparing an exhibition of practical wartime worth to California's more than 1,000,000 Victory gardeners, according to Harry A. Sund, Junior Chamber general chairman in charge.

Garden experts, including Rolly Langley and Norvell Gillespie, will broadcast over network stations throughout the show. A coast to coast program is under consideration. All local stations will air features of the "Food for Victory" exhibit daily.

The U. S. Department of Agriculture, through H. W. Hockbaum, chief of the division of field coordination at Washington, and the War Food Administration have added National authority to the show.

A. F. L. SUPPORTS ALBERT E. CARTER FOR CONGRESSMAN

William Green, President of the American Federation of Labor, has paid a fine tribute to the record of Congressman Albert E. Carter in a letter sent to Congressman Carter at Washington on March 10. A copy of this unsolicited letter of the head of the American Federation of Labor to Congressman Carter was made public today by Fred Trimlett, Chairman of the Carter for Congress Campaign Committee.

This unsolicited endorsement of the legislative and labor record of Congressman Carter, in the opinion of the Congressman, constitutes one of the finest recommendations he has ever received. It was addressed to Congressman Carter by President Green upon the completion of a thorough investigation into the records of California Congressmen and carries with it the cordial wishes of the head of the A. Railroad pass privileges. Fine pension plan. Medical services. Jobs for experienced men in all crafts—jobs for semi-skilled or unskilled people—in our shops, yards, stations, warehouses, offices, on our trains. Hook on with S. P. now. Come in and see us and choose from the many jobs we have open. Don't apply unless you are sincerely interested in a good job with a good company.
